Objective

To work in an energetic and growing company that will provide me with room to advance my career. I am looking for a position where I can make use of my technical and creative skills.

Professional Experience

5/2017 - present

.Net Developer | Millennium Space Sysytems
- Development of Software for the management of the Aerospace company. Everything from building UI rich, employee-facing features to architectural innovations behind the scenes.
- Personally introduced and implement Angular JS. Personally introduced and implemented a distributed microservice architecture through DDD.
- Angular JS, jQuery, ASP.Net, C#, MVC, WCF, Windows Services, HTTP, AJAX, JSON, Entity Framework, mss SQL server, TSQL, RabbitMQ, Git, TeamCity, Sass.
- Employed Html, CSS, Bootstrap, JavaScript, jQuery, Carto, C#, ASP.NET/ MVC, MSSQL.

12/ 2016 - 4/2017

Full-Stack Developer | QuoteMule
- Team-built web application aimed at streamlining the contract bidding process between construction contractors and their clients.

  - This project utilizes a **C# ASP.NET MVC** & **MSSQL** backend to implement a **WebApi 2** infrastructure running a **jQuery**, **AJAX** & **AngularJs** frontend.

- I was personally responsible for creating a **workflow state machine** using the .NET *Stateless* library, **drag-and-drop file-upload feature** with *DropZone*, and an interactive **AI powered chatbot** which leverages Microsoft's *LUIS* **machine learning** technology. I also contributed to implementing a **real-time messaging** and notification system powered by *Signal R*.

3/ 2017

Developer | Expedition Hackathon
- Hackathon hosted by the National GeoSpacial-Intelligence Agency.
- Working with data provided by the Descartes Labs to build a solution which predict and combats food shortages in Morocco.
- Employed Html, CSS, Bootstrap, JavaScript, jQuery, Carto, C#, ASP.NET/ MVC, MSSQL.

Professional Skills

- Extensive background in education and public speaking.

- Professional experience with Agile, Scrum, and Trello task management.

Languages

- **English** : Natively fluent
- **French** : Advanced (B2)

Personal Interests

Camping, Biking, Hiking, Sailing, History, Literature, Cartography, Language Learning, Instrumental music, Travel, Community Service.

Education

University of California, Irvine | Bachelor of Arts
International Studies with Economics Minor

Sciences Po Lyon | Attestation d'Etudes Politiques
Political Economics
